Carlos Macias

Passionate and detail-oriented Front End Developer with a strong foundation in Full Stack development, gained from a comprehensive bootcamp at the University of Toronto. Equipped with a background in architecture, I bring a unique blend of design sensibility and technical expertise, enhancing my ability to create aesthetically pleasing and functionally robust web applications. Eager to bring cutting-edge front-end solutions to Shopify, leveraging a blend of technical skills and a continuous learning mindset to drive innovation and user-centric design.
